OULD Respectfully inform those in want of BUGGIES, HARNESS, or light Carriages, that he has in stock a fine lot that he is selling at less prices than ever was off-red in this market. To those those that have the cash to pay be would say that they cannot do better than to give him a call. He is selling

NEW BUGGIES

At One Hundred Dellars.

His stock cannot be beaten in the upper-country, and the work is warranted, and he defies the country to beat it as to price and quality. He has sold in Abbeville District a great many Buggies and Corriages and expects to sell many more. Therefore give him a call. He intends to keep on hand a large stock of all style Burgies, with and without Tops, and at prices that cannot be undersold. What is the use of going out of our District to get a fine Burgy when you can get if at Taylor's Shop, with Harness, Unitedia and Whip, all for One Hundred and Twenty-five Dotlars,

Warranted for Twelve Months. Let us go and see them-that must be cheap

BROAD STREET

ESTABLISHMENT.

UNDER THE AUGUSTA HOTEL, AUGUSTA, GA.

THE Undersigned would respectfully inform Merchants and Dealers that they have just completed their arrangements for the coming all and Winter Sea-on. Our Store has been enlarged to double its former size, thereby making it the largest Store in the State of Georgia. Our Stock, which for variety of the most desirable Goods, is unsurpassed in this State, will in every respect compare favorable with any house either in Charleston or any other Southern city. It is our intention to establish a regular Wholesale Jobbing House, selling exclusively for each. Which as an old fact is the only way to law Goods show. clusively for each. Which, as an old fact is the only way to buy Goods cheap.

Having a similar establishment in New York city, of which our Mr. I. KAUFFER, it is easy to be perceived that we have superior facilities in obtaining latest Novelties as they appear in market. We would only ask the favor of an examination of our Stock and Prices before going elsewhere, and we will prove to the Trade that we can sell Goods fully as cheap as any other Wholesale House, besides saving your time for further travelling, and many other expenses.

JUST RECEIVED.

Black and Colored Cassingres, Black and Colored Cloth, Satinets, Kentucky Jeans and Tieks, Kerseys, Osnaburgs, (Denims,) Georgis Stripes, Marlboro' Piaids and Stripes. Every person desiring to procure full and reliable information about Sewing Machines, their sizes, prices, working capacities, and the best methods of purchasing can obtain it by sending for a copy of L. M. Singer & Co's Gazarra, which is a beautiful pictorial paper, entirely devoted to the subject. It will be supplied Gatia.

RHODES

SUPER-PHOSPHATE!

DIANTERS seeking Manures, will recollect that RHODES' SUPER PHOSPHATE is the only Manure the late eminent analytical Chemist, Professor Bickell, of Maryland, pro-

Standard!

and whigh has been confirmed by every section into which this Macure has been introduced. This Manure is sold under a legal guarantee of

Purity and Freedom

FROM ALL ADULTERATION

from the eminent manufacturing chemists Messrs Potts & Klett, under whose personal aupervision PHODES SUPER-PHOSPHATE is manufactured. This Manure has been used in South Carolina for several years past, will great success in the culture of Cotton and Corn and is now thoroughly established for these in portant staples. Do not let the present season pass without the experiment. Read the annexed letters from gentleman who

J. A. ANSLEY & CO., NO. 300 BROAD ST.,

AUGUSTA, GA.

ATHENS, GA., Nov. 22, 1859. Dear Sir: Rhodes Super-Phosphate has been applied by me this year, on a small scale, to both applied by me this year, on a small scale, to both Cora and Cotton. The result exceedep my expectation, although the experiments, for many reasons, were not, and could not be conducted with due caution; yet I am entirely satisfied that the growth of weed, in both instances, the fruit in corn, and the number of belief of active. that the growth of weed, in both instances, the fruit in corn, and the number of boils of cotton, were fully double the yield in the portions unmanured, and this when only a table-spoonful of the Super Phosphute was applied as a top-dressing to each hill of corn, and a tea-spoonful to each staik of cotton—and the last as tate in the season as the 18th of July. Some of the weed grew to nine feet high, with six feer branches, covered with bolls, while the numanured was not half so good. It is my intention next year, to test it more fully.

Your most ob't serv't,

(Signed)

M. C. M. HAMMOND.

UNION POINT, (I. R. R.) Nov. 28, 1859.

Messrs. J. A. Ansley & Co.:

Gents — I bought a ten of Rhodes' Super-Phosphate in Baltimore, lest Spring, Mr. H. D. Leiner, of Bezzelia, to test its value as a manure. I put about 125 lbs, on an acre of cotton, in the drill, on land that would not make over 75 to 100 lbs of seed cotton per section. 75 to 100 lbs of seed cotton per sere, without Manure. The result is entirely satisfactory. I have made at least from 450 to 500 lbs. to the acre on this very poor land. I expect to pur-chase from 5 to 8 tous for my Spring crop. My Overseer wishes me to put his name to this also.

Yours, in great haste,
P. W. PRINTUP,
WILLIAM FOSTER. De. 24, 1859 34 tf.

MANIPULATED GUANO.

No. 83 SECOND STREET, Baltimore January 28, 1859. REPORT OF ANALYSIS OF

ROBINSON'S MUNIPULATED GUANO

FOR FRANCIS ROBINSON, ESQ.,

BALTIMORE CITY. SAMPLE of the above which was taken at

A your Mills, was found, upon analysis, to be capable of producing of Ammonia, - - - 8.31 per cent.

Bone Phosphate of Lime 45.82 " " The above proportion of Ammonia and Bone Phosphate of Lime is known to be most proper for concentrated manures. Both theoretical reasoning and the results of numerous practical reasoning and the results of numerous practical experiments have approved of it. An application of 200 lbs of this article article per acre, will supply more of Bone Phosphate of Lime than is required by any crop—thus leaving a considerable surplus of this valuable nutriment incorporated with the soil after cropping, and will furnish a sufficient quantity of ammonia to to act as a nutriment and stimulant.

CHAS. BICKELL, Ph. D.

REPORT ON MUNIPULATED GUANO, FOR

FRANCIS ROBINSON.

THE sample analyzed was taken by myself from the bags in the mill where the guano was manipulated. It contained of

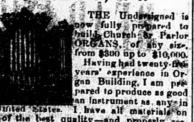

Ammonia, - - 8.24 per-cent. Phosphoric Acid, - - 21.98 " Equivalent to

Bone Phosphate of Lime 47.59 " " It is therefore an excellent manipulated guand, containing enogh ammonia to produce rapid and vigorous growth, and sufficient quantity of phosphates to prevent exhaustion of the soil
